WALLACE SIMMS WRITES

INTELLIGENT COLORED MAN KNOWN

TO BE A GHOUL.

He Is Evidently Jealous of Cantrell's

Notoriety-What He Tells Super-

intendent Taffe.

In his mail yesterday Superintendent

Taffe received a long letter from Wallace

Simms, a negro who has long been sus-

pected of being a ghoul, and who in his

letter confesses that he has robbed a num-

ber of graves. Simms in his letter de-

nounces Cantrell, who he says has posed

as a hero and a truth teller throughout the

entire investigation. He accuses Cantrell

of being in a plot to rob the grave of ex-

President Harrison. He goes into details

as to how the body was to be held until

the relatives had offered sufficient ransom

for its return. He said it has amused him

when he read the gruesome stories told by

Cantrell, but in none of them has he told

where he had got the worst of any deal

that involved the robbing of graves.

Simms continues: "They have placed too

much confidence in Cantrell. He has given

them a strange mixture and falsehoods.

Cantrell is a man who delights in telling

of events in which he was the hero, the

prime mover and the 'whole thing.' You do

in the various graveyards in Indianapolis.

I would mark a grave in broad day light

and that night Cantrell would come to the

In addition to baskets of food for the families that have been furnished with cards directing them to report to the committee for the offering, supplies have been packed and will be sent to-day to the various Marion county institutions. To the orphans' homes, the Boys' Club, the Salvation Army, the hospitals and to all institutions wherein there may be some persons unfortunate enough as to not be remembered at the Christmas time, irrespective of creed or religious belief, provisions will sent. Apples, oranges, fruits, candies nd the like will be sent to the Boys' Club and the Salvation Army, and liberal portions of these things to the children in the orphans' homes of the city. The names of the families in need were selected from lists furnished to the Shriners by the police department, charity organizations, members of the lodge and persons instructed to look for needy persons by the lodge. The practice of helping the needy at Christmas time is national in the Mystic hrine. All over the United States a charity similar to this will be practiced to-day the various temples. Murat Temple this city, is the only temple of the order in Indiana, and for twelve years has folowed the custom of helping the poor in his city in this manner, and during that time has expended much money for the purpose. This year the expenditure will be about \$800, all of which will be devoted to practical help, rather than furnishing means for a celebration of the day.

## FIGHTING FOR BUSINESS

BURGLAR-PROOF VAULT AGENTS AGAINST TUTEWILER'S PLAN.

Steady Supply of Cadavers to Colleges Would Put Companies Out of Business, He Says.

Coroner-elect Tutewiler thinks that much of the opposition to his plan of having the medical colleges of the city supplied with cadavers by shipments of pauper dead by undertakers in the State at large is due to some of the agents for burglar-proof vault companies. These companies, he says, have experienced a wonderful revival of business during the past three months, and have sold more burglar-proof vaults in that short time than during the two years past. These companies realize, he says, that if his proposition is taken up generally by undertakers that it will put them out of the

Coroner-elect Tutewiler says that if the medical colleges are supplied with cadavers by undertakers the supply received will be sufficient to do away with the necessity of robbing cemeteries. Consequently people may rest secure in the knowledge that the bodies of friends and relatives will not be stolen. Furthermore, they will not need burglar-proof vaults to keep away Cantrellites. Further Developments in the Case of

Mrs. Edna Leavy Hazel. The body of Mrs. Edna Leavy Hazel, who committed suicide Monday morning in the Morton Hotel, was shipped yesterday morning to the home of her parents in Cincinnati. Superintendent Taffe re ceived a telegram Monday night from the foster father of the woman asking him to see that the proper arrangements were made for sending the body to Cincinnati Deputy Coroner Nelson A. Brayton, who performed the autopsy on the woman, said she was what is known in the medical proas a hemmophilia. It is a bleeder's disease similar to that experienced by Frank Fisher, the vaudeville actor, who suffered for several weeks at St. Vincent's Hospital. Dr. Brayton said that from the appearance of Mrs. Hazel's skin it was an easy thing to cause a hemmorhage. A slight pinching on any part of the body would have caused a dark blue spot like a bruise. It would be the collection of the blood as it welled up to the part

"It is likely that the disease was hereditary with the girl," Dr. Brayton said, for a person who had the disease so pronounced could hardly have been afflicted with it unless on the entire body." A number of small spots like bruises were found on Mrs. Hazel's breast and from appearances it was thought she had tried to bleed herself to death before she took the mor-phine. The breasts were covered with slight holes resembling pinholes and near each of these was a blue spot indicating that blood had collected underneath the

Mrs. M. M. Jacques, mother of the girl, received a letter from Mrs. Hazel in which she said she felt the disgrace of returning to Cincinnati deserted by her husband. In the letter she told of presents that she had forwarded to her mother and foster father. It is evident that Clarence Hazel, husband of the woman, had not been apprised of his wife's death yesterday. His parents in Bloomington received a letter from him dated in Chicago in which he said: "I noticed the papers relative to my wife being in Bloomington and at once left roledo, O., for Chicago. I intend opening a tailor shop and as soon as I can I will take my wife off your hands. I could not think of you keeping her."

## FIGHT NOW IN COURTS.

Barrackman-Braden Hearing in Police Court-Suit for \$10,000.

At the trial of Demas Barrackman, in Police Court yesterday morning, charged with an assault on David C. Braden, the story of the quarrel between the two men was gone over. Barrackman in his defense denied assaulting Braden until the latter pulled a revolver. He said he struck Braden with the hammer and it slipped from his hand and broke the window. He denied using the hatchet or attempting to use it. Barrackman's testimony was disputed by Braden and two of the tailors who work in the store. They said Barrackman entered the store and curtly asked: "Are you Braden?" Without waiting for an answer he struck Braden with the hammer and then tried to use the hatchet. No one interfered until Detectives Splan and Haley ran into the store and separated the men. Miss Barrackman testified that she was insulted by Braden. Braden in his story of the assault said he did not use any ungentlemanly language to Miss Barrackman, but simply told her he would like for her to remain away from the Acting Judge James Collins took the case under advisement until to-day. He said if

Barrackman would pay the damage done to the window and the store it would be in mitigation of the offense and he would have to await such action. During the day Barrackman was sued by David C. Braden for \$10,000 damages because of the assault on Braden in the latter's store. Braden in the complaint recites the details of the assault by Barrackman in which a claw-hammer and a hatcher were used with effect on Braden's head and a plate glass window. Braden demands \$400 damages for the injuries received and in payment for the window, and \$9,600 as compensation for mental loss and worry and damages to his reputation

## and standing in the community. Mrs. Allison Suffers a Loss.

A chatelaine purse filled with a number of valuable rings and \$50 in bills was lost yesterday afternoon by Mrs. Allison, living at 227 North Noble street. Mrs. Allison said she had visited all the large department stores on Washington street, but did not miss her purse until she got home. She said it contained one opal ring, one diamond, one solitaire, one small pearl, a small coral ring and a plain gold ring. These were in a small purse inside the large chaetlaine purse. She reported the loss to the police and said she would give a reasonable reward for its recovery.

DAL HUMPHREY JUMPS FROM MOV-ING TRAIN AT ANDERSON.

He Was Being Brought to Indianapolis to Await Action of Federal Grand Jury.

Dal Humphrey, a federal prisoner bound over to the grand jury by United States Commissioner George R. Harper, at Goshen yesterday, for fraudulently passing a money order, escaped from the custody of Deputy United States Marshal Thomas Martin at Anderson last night.

While the train was passing through Anderson Martin allowed Humphrey, who was not handcuffed, to go to the closet at the end of the day coach, and after waiting a few minutes for him to return went in search of him and found the door locked. After the door was burst open the window was found to be raised and the prisoner gone. It is supposed that Humphrey got out while the train was in Anderson, but the discovery of his escape was not made until the train had started and was runcured the assistance of the police there. They had not succeeded in finding the prisoner at a late hour this morning. A telephone message to Chief Deputy Foley in the marshal's omce was received last hight, but it gave no details of the escape. Humphrey was arrested at Elkhart Sunday and accused of passing in a substation of the postoffice there a money order for \$9.50 drawn in favor of O. G. Huff. He claimed to be Huff, and was identified in the postoffice by a bartender who said that he knew him as Huff. Afterwards it was found that Huff had lost the money order which was found by Humphrey and presented for payment. He pleaded guilty when arraigned before the commissioner at Goshen, and was bound over for the action of the grand jury. His bond was fixed at \$300, and being unable to furnish it, was being brought to Indianapolis for confinement in the jail.

## BIG DELEGATION TO-DAY.

It Is Said Five Hundred Citizens Will Visit the Mayor.

The residents of the Fourth and Fifth wards who are remonstrating against the location of the pesthouse west of the city hospital will call on Mayor Bookwalter this morning. The spirit of the meeting at Hammond's Hall Monday night was that they visit him five hundred strong. At that time \$10 was raised by a collection to employ an attorney as spokesman. As Robert Forrester put it to those at the meeting "a lawyer would do no harm, at least, as he would have to speak for the crowd; if he did not he would be fired Forrester promised to be present this morning and indicate where a pesthouse could be located near the McGregor fountain in ...e courthouse yard. Another hostile element has appeared in the pesthouse controversy. The Security Trust Company, administrator of the Patterson estate, which owns land opposite the site, will ask for an injunction on the ground that the institution will depreciate the value of the property. Secretary Payne, of the trust company, will also call on the mayor this morning. When the committee from the remonstra-

tors called on Duncan & Smith to ask an opinion as to their right to an injunction the attorneys, so it was reported at Monday night's meeting, cited the action of the courts in reference to the closing of Illinois street for the Union station. Contiguous property sought damages but the courts held that such depreciation and damage was an incident to public necessities and must be received as improvements that enhance property are-without reference to effect on contiguous realty. City Attorney Joss has advised the city officials that a suit for injunction will not be sustained in the courts, especially on the mere assumption that the institution will actually depreciate realty.

VICTORY ANNOUNCED IN LACONIC MESSAGE TO AUDITOR HART.

Court at Jacksonville Decided Groggery Keeper Had No Case Against the Governor-Notice of Appeal.

"I have won my suit. Will be home for Christmas." With this laconic message to W. H. Hart, auditor of state, Governor ing yesterday and in a day or two the decorators will begin their work with an the suit of C. M. Barton against W. T. Durbin, Governor of Indiana, which had been on trial at Jacksonville, Fla.

The case came to an end Monday night after being on trial for five hours. Governor Durbin's attorney, Horace Bisbee, stated last night that the new hotel will be of Jacksonville, presented no evidence in ready for occupancy by the middle of Feb-ruary, or not later than the first of March, statement. Every point during the trial was hotly contested, but when Attorney Bisbee made the motion that the court instruct the jury to find for the defendant the court sustained the motion without hesitation. In the charge to the jury the court said that it did not consider the case as made

out by the plaintiff one to go before a jury, as damages for the simple offense of trespass had already been awarded in a lower court. In the State Circuit Court Barton had already received a judgment for \$4,000, which was paid. The jury which considered the case was made up of representative business men. The statement submitted to it by Barton

went on to say that trespass had been committed on the grounds of the plaintiff by force of arms and by abusive language, such as to defame the plaintiff's character and injure his business. The sum demanded as damages was \$10,000. Barton gave notice through his attorney that he would appeal the case to Circuit Court of Appeals, at New Orleans. He ran a groggery outside the camp of the troops at Jacksonville during the Spanish-American war when Governor Durbin was colonel of the One-hundred-and-sixty-first Regiment of Indiana Volunteers. Colone Durbin closed up the place.
